Federal Communications Commission  
Office of the Secretary

Dear Mr. Wagner,

Section 63.71 of the Federal Communications Commission's Rules ("FCC"), 47 C.F.R. § 63.71, requires that Comm South provide all its customers with the following notice concerning the discontinuance of interstate service:

The Federal Communications Commission will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments within 15 days after receipt of this notification. Address them to the Federal Communications Commission, 445 12th Street, SW, Washington, DC 20554, referencing the Section 63.71 Application of Comm South, Inc. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

This notice is being sent out of an abundance of caution in order to ensure full compliance with the FCC regulations. Please contact us if you have any questions or comments.

Sincerely,

A handwritten signature in cursive script, reading "Marla C. Reynolds".
